

## CUSTODIAN

### *Abel Rodriguez*

My name is Abel. I am originally from Obregon Sonora, Mexico but have really enjoyed living in the Northwoods of Wisconsin. It was a bit of a weather change though! I have been in the custodial and maintenance field for over 5 years now. My previous experience was working as a manager at a security company. I enjoy work of all kinds. Anything to keep me busy!

What I have been liking about NCA is everyone's attitude. Everyone is smiling and North Cedar Academy made me feel like I was a part of the team from day one. I also enjoy the vast mix of students that North Cedar Academy has and how the administration takes care of its staff.

I do other things besides work though of course. I thoroughly enjoy relaxing with some good video games, watching MMA, Boxing or just a nice movie. I play drums as well! My favorite food is tortilla soup and my favorite book is the whole "Lord of the Rings" saga. My favorite place to travel to is Mexico and my favorite music is heavy metal.

I hope this has told you enough so that you feel you got to know me a little by reading this. NCA is an excellent place to work and I feel honored to be a part of this school.
